As required by the Montgomery County Code, Section 11B-32, the Director must maintain a record of procurements awarded during each fiscal year. Therefore, this report includes and summarizes the number and the type of contracts and actions awarded during Fiscal Year 2011 (FY11). There is a summary section detailing charts that reflect the total dollars awarded and the total actions awarded by delivery order, field order, modification, new award, and renewal category for FY11.

The summary section also includes:

1. A summary table of the total dollars awarded and the total actions awarded for delivery order, field order, modification, new award and renewal award categories.
2. A summary table of the total dollars awarded and the total award actions by contract type.

The Office of Procurement has launched online access to public contract documents which allows the public immediate access to certain contract documents as well as other publicly available documents such as bid tabulations and bid holder lists. This effort has reduced the need for the public to request copies of documents.
